MEGAN PARK  
SIGNATURE STUDIO

Megan Park is a Melbourne-based independent fashion designer renowned in the fashion world for her ultra-feminine and romantic fashion ensembles oozing with Parisian chic and bohemian wanderlust. Since her return to Melbourne a decade ago, she has continued to charm her audience with her sartorial creations. Each piece is congruently speckled with hand-embroidery and embellished work celebrating the integrity of that created by hand. She believes hand-worked pieces have depth and personality. Her pieces are designed to transcend time and be passed down through generations, just like the craftsmanship skill itself. She uncompromisingly wants her pieces to enhance her wearer's personality and not dictate them.

MEGAN PARK

# THE CAPSULE COLLECTION

A resonant expression of nature, inspired by Australian Botanicals the fantastical interpretations pulsate throughout the dramatic large scale designs. The muted tonal colourations, are bold yet sympathetic to an interior space. Use on their own or coordinate alongside each other, the Capsule Collection features 8 designs, in 5 colourways across 3 carpet mediums.

The Designer Collaboration Series is an opportunity to select from an exclusive range of floorcoverings focused on the Megan Park ethos. Designs and colour schemes have been curated by Signature Studio and are all available to order with minimum order quantities and lead times as everything is made to order for your space.

Add an edge and playfulness, with scattered lines and blocks layering over each other. Vertical lines and cleaved shapes stand in contrast to horizontal forms and slanted lineation to create depth and interest. Less to describe but plenty to imagine, interpret your space and create your own visual reality.

# MEGAN PARK

“The beauty found in nature is unparalleled and as such I draw inspiration from it season after season. What began as a study of Australian flora spun into the illustrative imagery of overblown proteas, a forest floor of silver gum leaves and pomegranates reminiscent of my parents’ garden. I love to take what is expected and contrast it with the less obvious, in this case florals beside structured graphics in a palette that together is harmonious.”

Passiflora rugs are hand-tufted and woven with New Zealand wool and viscose to withstand everyday wear and tear. Taking inspiration from Megan Park's hand illustrations and gouache painting, the design celebrates passion flowers and its calming traits. Megan's exquisite delineation of the intricate details of passion flowers are in perfect symphony with the textured construct of the rugs. Available in three sizes, add an individual expression and ongoing discovery to each detail.

PRODUCT OVERVIEW

# CARPET MEDIUMS

## AXMINSTER

A traditional type of hand-weave style, Axminster carpets are woven on looms with each piece of the pile yarn individually woven into place, by weaving the pile and backing materials together, locking in the pattern through the carpet with precision and high definition, allowing for the most complex and intricate designs to be created. This unique construction featuring 80% wool and 20% nylon fibres for strength and durability together with the 2-ply yarn for vibrant rich colours, makes Axminster broadloom carpets a superior and luxurious flooring option.

## HAND TUFTED

A combination of the age-old weaving technique with modern technology, hand-tufted rugs are constructed by punching strands of wool on a canvas using a tufted gun. Woven from the back of the canvas with 80% New Zealand wool and 20% viscose into loops are later sheared to create a textured cut-pile surface. With a 7mm pile height and 6mm cut pile, using wool and viscose, the rugs are created to withstand high foot traffic and are durable. Hand-tufted rugs are constructed to exhibit the duality of a hardwearing yet high-end floor covering.

## DYE INJECTION MODULAR

Printed carpet tiles are cut into square tiles from wall-to-wall rolls. They are woven from 100% nylon with Thermo Bak™. They are a great option to replace wall-to-wall carpets as they are easily fitted together and are interchangeable. They are ideal in a commercial setting because of its ease in maintenance, longevity and flexibility. They are easy to install in uncomplicated areas and can be replaced without any fuss. With a pile height of 4mm, they add extra comfort underfoot and superior acoustics.

~~MEGAN PARK  
SIGNATURE STUDIO~~

Signature Floors is not only about discovering new flooring solutions; it is also about constantly striving to redefine flooring concepts. Our Designer Collaboration Series is an extraordinary venture to bring together Australian design talent with our locally based design team.

In this first collaboration, Australian couturier Megan Park and our team of textile designers at Signature Studio have come together to metamorphose her nature-inspired fashion silhouettes into life-sized carpets and rugs. The collection impeccably echoes her contemporary take on fashion but is also rooted in an unconventional approach to design. Signature Studio translates this design story into a textile narrative of delicate art, timeless fashion, and opulent designs.
