*to coast*

*Signature*

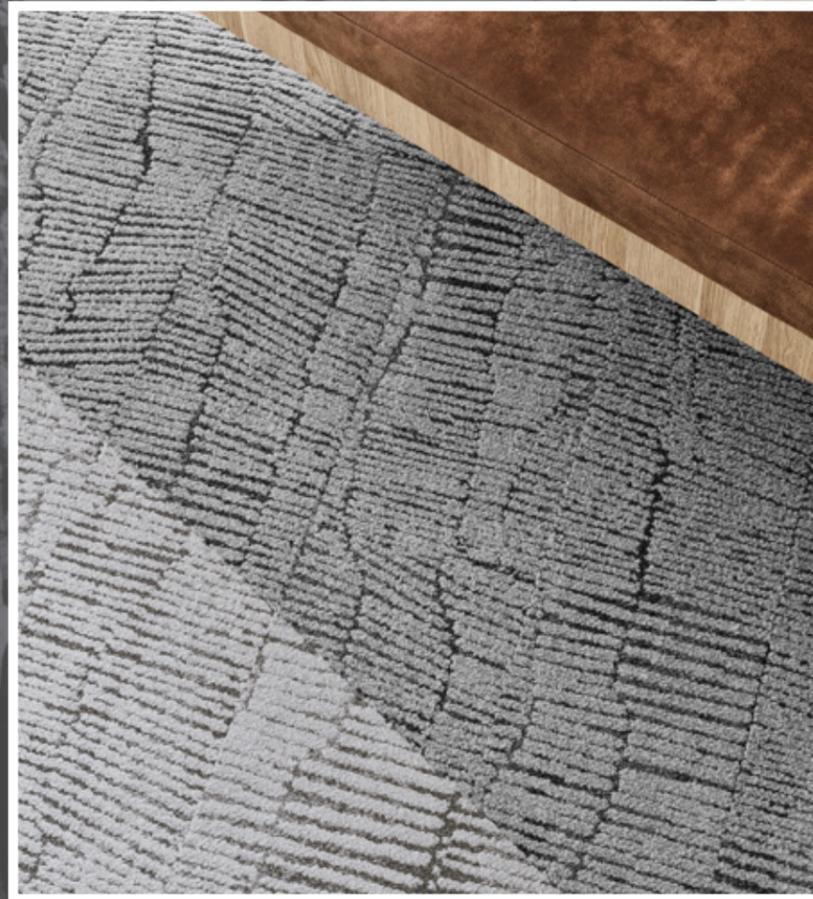

An aerial photograph of a coastline at sunset. The ocean is on the left, with waves breaking onto a wide, sandy beach. The beach curves along the coast, and the land beyond is covered in dense, golden-brown vegetation. The sky is filled with soft, white clouds, and the overall lighting is warm and golden, suggesting the time is either sunrise or sunset. The text is overlaid on the left side of the image.

Drawn from the poetry of the Australian landscape,  
Country to Coast captures the spirit of our environment  
– authentic, enduring and deeply connected to nature.  
From bushlands to desert, and river to sea, the collection  
echoes the subtle gradients found in the warm terrains,  
the cool waters, and the muted calm of eucalyptus  
leaves. Rugged yet refined, the raw beauty of our  
geography is captured through texture and palette.

A tribute to the beauty of our surroundings, designed to  
inspire, created to connect.
