

Layers

Semi Custom Modular Collection

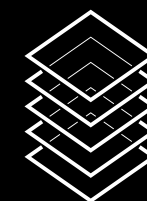

Signature

Design your bespoke modular carpet with Layers.

When you want to create a visual pathway, connect spaces, enhance the aesthetics of an interior or use it as an expression of art, you want to interpret your design vision more your way. Signature Studio can translate your creative idea into reality just the way you want it to be.

The Semi Custom Modular Collection gives you the reins to control the creative journey of the flooring you want for your next project in just five steps — pick the pattern, choose the colour, select the base, decide on the shape, and determine the backing you want. The outcome – you have a floor covering that fits your brief impeccably.

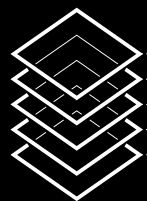

Book an appointment to discuss your idea.

- 3. BASE: MINERAL 50000
- 4. SHAPE: WIDE PLANK
- 5. BACKING: THERMO BAK™

CM-MD-23-007-B5-WP

1. Pick the pattern

Pick an overlay pattern from our curated catalogue of 55 designs inspired by nature, abstraction, and the built world. The designs emulate the beautiful details of flora, the intricacies of complex elements, and splendour of architectural structures.

2. Choose the colour

Choose the colour from our Vivid 202 range. Bring the complexities of your chosen pattern alive by choosing from an enormous colour palette of 202 colours. You can get as colourful or as understated as you like with your flooring.

3. Select the base

Select from one of 5 colours from our most popular base design to offer a textured foundation. Because of their tonal variants and nuances, these muted tones are adopted in areas enduring high traffic to conceal dirt and stains, making them ideal for maintenance.

4. Decide on the shape

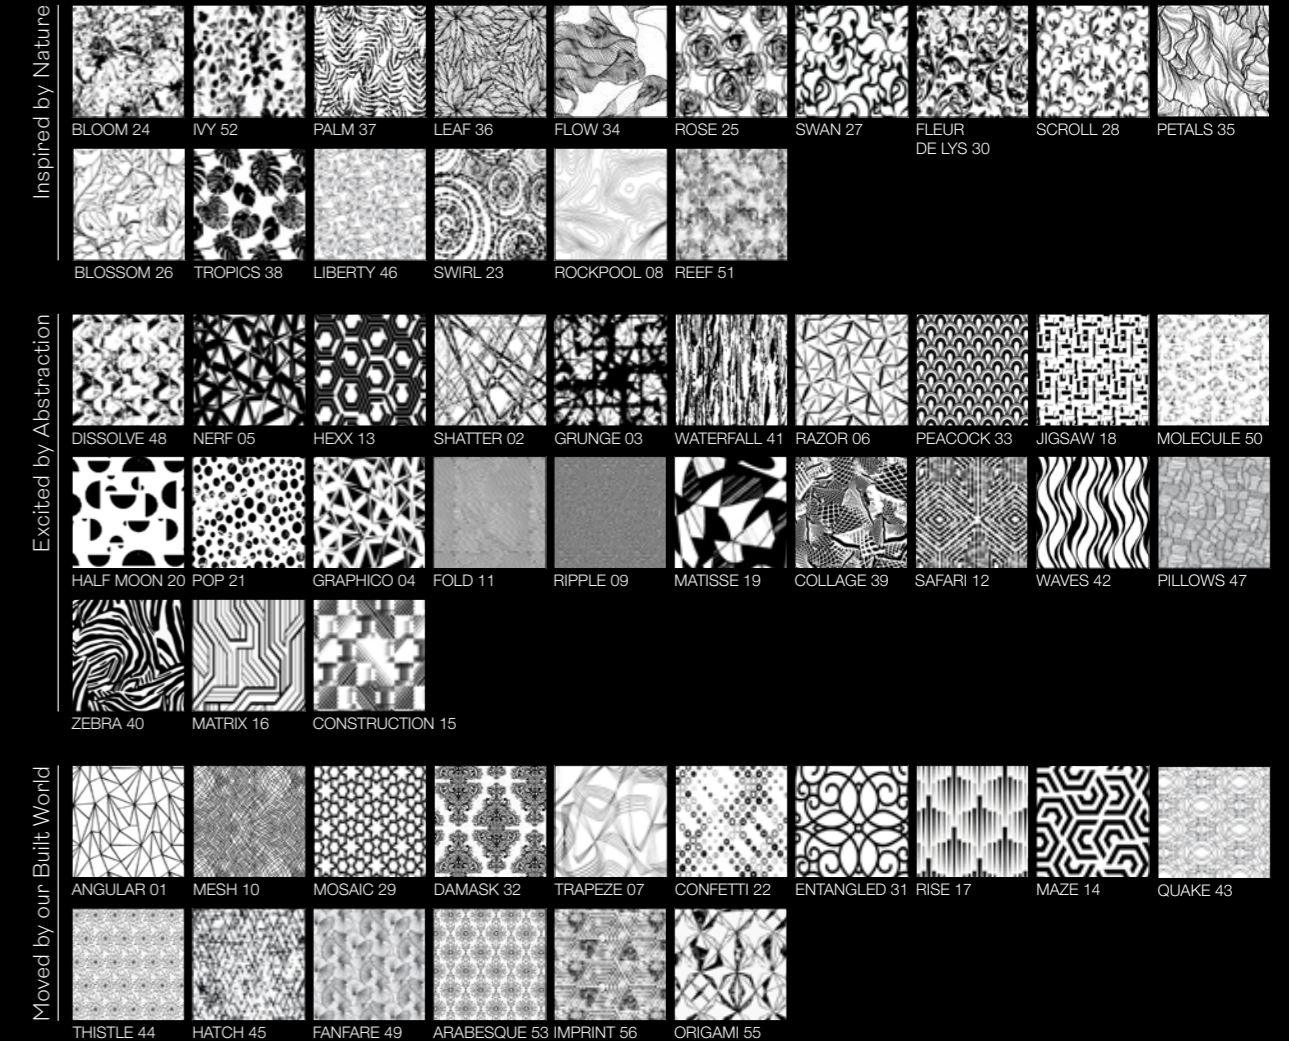

Decide on one of our 10 Shapes by Signature®, providing an array of possible tessellations. Wayfinding, demarcating work areas, or zoning – create spaces to meet the intent of the interior or enhance the beauty of the area.

5. Determine the backing

Determine which backing you require. Thermo Bak™ is a standard backing offering a cost-effective and durable solution. Comfi Bak® is a sustainable option, with additional softness underfoot and superior acoustic performance.

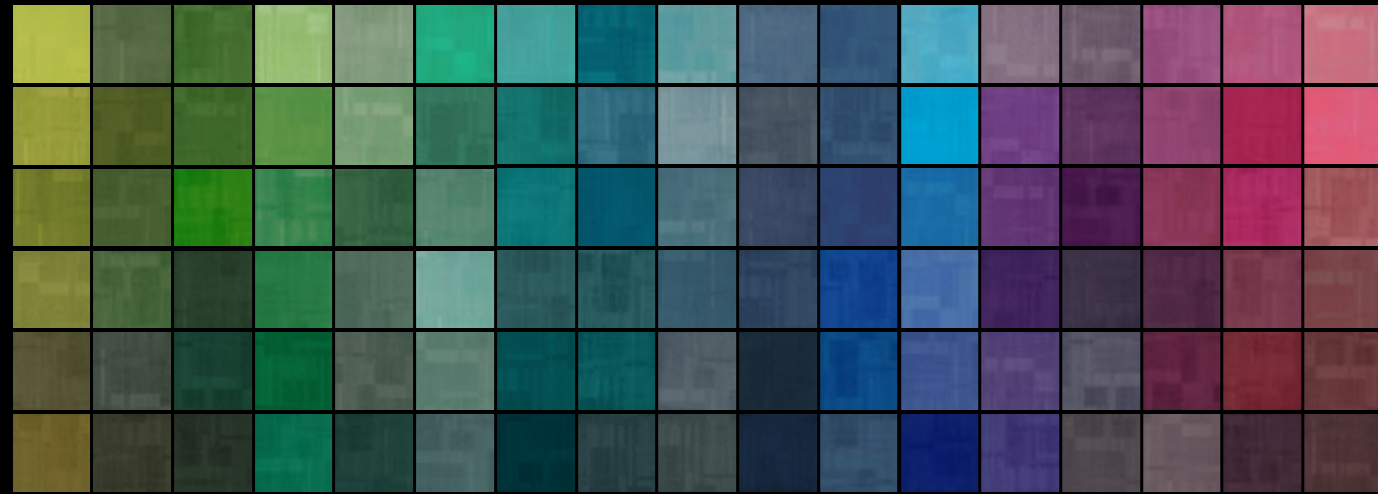

1. Pick the pattern

2. Choose the colour

Vivid 202

3. Select the base

BASE CIRRUS 60000

BASE STORM 20000

BASE MINERAL 50000

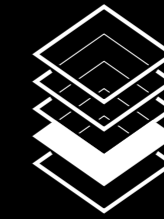

BASE TERRAIN 40000

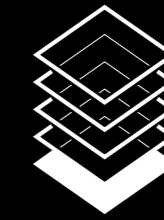

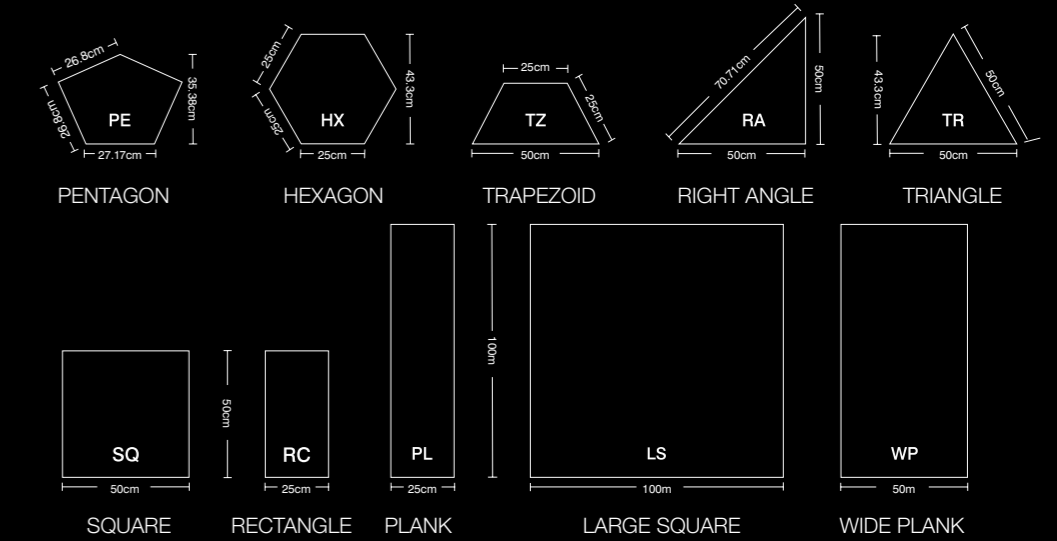

BASE MIDNIGHT 10000

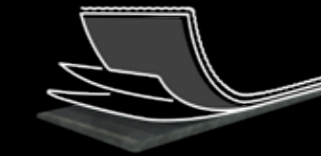

Pure Planks

4. Decide on the shape

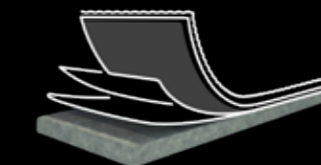

5. Determine the backing

THERMO BAK™

Thermo Bak™ is a popular option, offering high performance that balances the properties of durability in a high-traffic area.

COMFI BAK®

Comfi Bak® is an integrated cushion backing offering superior acoustic performance, absorbing up to 30% airborne sound and 32db of impact sound. With improved insulation, this backing provides additional softness underfoot and longevity. Composed of 100% recycled PET with each m² of modular carpet containing 48 recycled PET bottles.

Inspired by Nature

Inspiration can come from anywhere, yet few things eclipse the creativity of nature. From the microscopic to monolithic, nature provides cycles, diversity, beauty, colour, sensory encounters and random events that never cease to change and challenge us.

Excited by Abstraction

Abstraction inspires us to explore systems, sequences and patterns. It reminds us that fresh combinations and previously unrelated thoughts, materials and ideas, can result in extraordinary new insights and solutions.

Signature Studio is a Melbourne-based carpet focused design team, serving Australia and New Zealand.

With the expertise to explore and forecast design trends, our team in-house textile designers is bursting with creativity to customise a design from concept to production. With dedicated product managers for commercial and hospitality, the studio can offer their services from design, 3D room visualisations, floorplans and layouts tailored specifically to your needs.

Collaborating with leading manufacturers around the world, these key suppliers are always pushing the boundaries of technology and colour management systems, working towards manufacturing top of the range products. Always aiming to create quality products, that are on trend and fit for purpose is the goal of the Signature Studio team.

We look forward to welcoming you.
